

A new generation of wellness, designed for modern living.
Our boutique space brings together advanced treatments for skin
and hair with a focus on restoring balance, boosting energy,
and leaving you feeling your very best.

OSKIA Facials

OSKIA's award-winning formulations are designed using bioavailable nutrients and clinically trialled actives to give you a beautifully radiant and revived complexion. OSKIA specialise in cellular nutrition through patented micro-encapsulation and liposome technology. Vitamins, minerals, proteins, and omegas combine to improve cellular activity and ability, leading to skin that's healthier, happier, and glowing from within.

Revitalising Super-C Facial

MESOJET Facials

At Wellness at The Laslett we use unique, advanced needle-free technologies and the latest products to care for your skin. Our cutting-edge MesoJet machine - the very first in the UK - combines two powerful technologies for exceptional results:

JET Technology - Delivers unique anti-ageing and rejuvenating ingredients deep into the layers of the face and body skin.

JET RF (Radio Frequency) Technology - Instantly soothes, firms, and tones, providing a lifting effect to contour and revitalise the face. Radio waves stimulate the active production of collagen and elastin, giving you an instant facelift.

Fast Glow

Elevate & Invigorate

A radiance-boosting treatment combining deep-detox lymphatic drainage with a powerful needle-free infusion for fresher, brighter skin. Gentle exfoliating acids and a lightening complex fade sun and age spots, refine texture, and reduce redness.
